Citizenship Project

Citizenship describes who and what a citizen is. A citizen is a productive member of society who focuses on what he/she can do to help this country in some type of way.

To us, good citizenship includes participating in honoring our country (whether it be pledging our flag, fighting in one of the 5 branches of the military, or singing our national anthem), finding ways to help the people in our country (donating money to charities and hospitals, and giving old toys, clothes, and shoes to younger children who need them more), helping to raise money (for those in need, the sick, and the homeless), or it can be just as simple as thanking someone for helping make the country better (whether it be a retired veteran, a police officer, a firefighter, or even the president (if you get a chance).

As you may or may not have known, there recently was a house fire in Harmony that was a total loss for the family. To help the family who has suffered this horrible experience, we are looking for ways to help raise money. So starting Monday, December 10th until Monday, December 17th, the 8th grade will be collecting any monetary contribution that you would like to make. There will be a cup placed in each room for this collection. On Thursday, December 13th, you can wear your favorite pajamas/holiday pajamas for your efforts. Remember you can put money in the cup in your homeroom any day from 12/10-12/17.

Thanks & Happy Holidays,
The 8th Grade
