Business Administrator*

June 15, 2018

Dear Parents,

I would like to take this opportunity to reach out and say “hello,” and express my excitement in being named the new Chief School Administrator in White Township. A few decades ago I began my journey in education as a kindergarten student at White Township. As a former student, I have the fondest memories of those elementary years and I have always been extremely proud of our community and the role it plays in helping all youngsters reach their full potential.

After graduating from White Township, I attended Belvidere High School and then graduated from The College of New Jersey with a degree in Elementary Education and History. From there, I began my teaching career in the Hackettstown School District as a 4th grade classroom teacher. While at Willow Grove Elementary School, I enjoyed teaching both 3rd and 4th grades prior to being named the principal. As the principal of Willow Grove, I spent five enjoyable years working with the faculty to help our students acquire key foundational skills for future success. Next, I moved to Hackettstown Middle School, where I have been for the last four years.

Beginning July 1st, I will start the next phase of my career back home in White Township. I am both honored and eager to serve the community where I grew up and where I continue to reside with my wife and three children. I look forward to working with you in the years ahead by forging a partnership focused on maximizing your child’s potential. To begin this partnership, I will be having a “Meet and Greet” with parents and students in the month of July. Once a date has been selected, I will notify you via our parent notification system.

Until then, help your children discover a few fantastic books and encourage them to go outside and embrace the fresh air! Be safe and enjoy summer’s benefits with your family. Also, please do not hesitate to reach out to me if you have any questions or concerns that you would like to discuss – my door is always open and I welcome your input.

Sincerely,

William Thompson
