August 25, 2020

Dear Parents,

Below is a quick update regarding reopening as our plans continue to evolve in an effort to provide our students with a safe, engaging learning experience.

- You should receive the summer mailing from the school by this Friday, August 28th. This mailing will include your child's homeroom teacher for the 20-21 school year, busing times for pick up and drop off, and other useful information to help ensure a safe, smooth start for our students.
- The following are adjustments to our reopening plan:
 - In an effort to improve the virtual experience for our students, the School Reopening Committee has revised the plan to include live streaming. For our K-4 virtual students, they will be given 2 times daily to login to Zoom or Google Meet where they can live stream the instructional part of the Language Arts and Math lesson for the day. K-4 teachers will then meet with virtual students in the afternoon to provide clarification, assistance, and support.
 - For our 5-8 virtual students, they will be given 4 times daily to login to Zoom or Google Meet where they can live stream the instructional part of the Language, Math, Social Studies, and Science lesson for the day. Grade 5-8 teachers will then meet with virtual students in the afternoon to provide clarification, assistance, and support.
 - Staff will park in the Rt. 46 bus loop and on Titman Road to alleviate congestion in the 519 parking lot. This will allow parents to find a space and park in the 519 parking lot for both drop off and pick up.
 - Students will eat lunch in the cafeteria. Times will be staggered to allow for social distancing, and tables and surfaces will be cleaned and sanitized between each meal service. Students may bring a lunch from home or purchase a lunch from the cafeteria.

Thank you for your ongoing patience and flexibility. Please stay tuned for my Back to School Night presentation, which will be posted to our website on September 1st. The presentation will contain information needed for a successful beginning including COVID-19 procedures as well as other key information for the first days of school.

Sincerely,

William Thompson
Chief School Administrator
